our vision and
strategy.

our vision: the world's most equitable and specialized talent company.

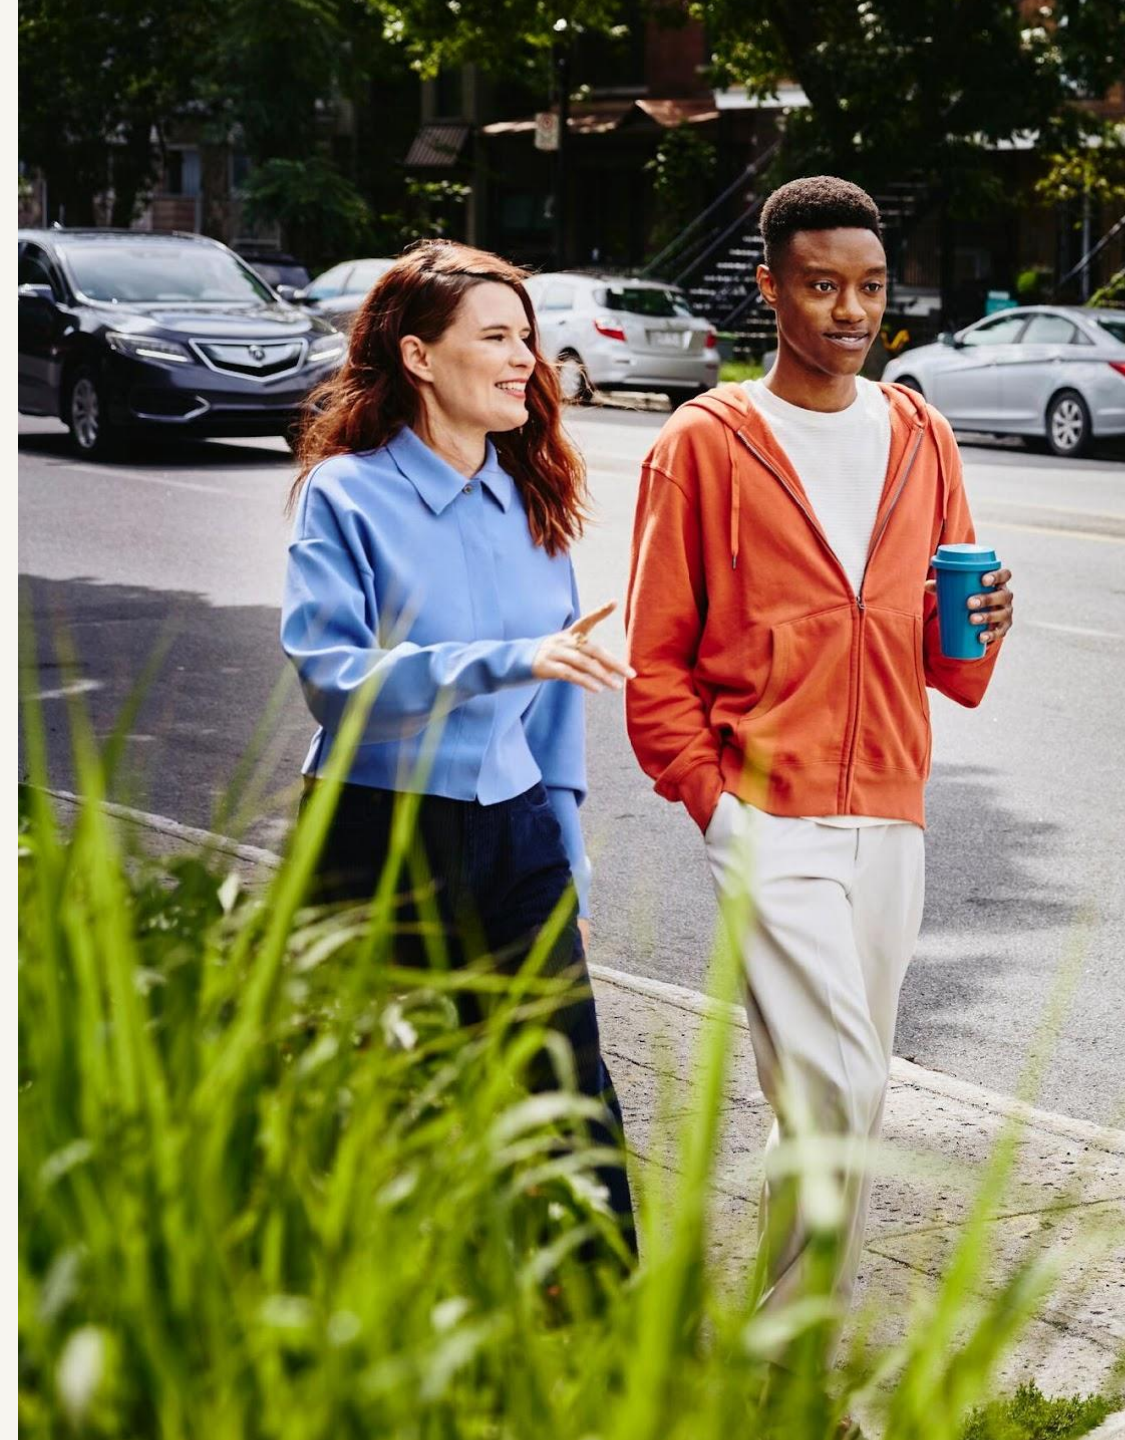

Against the backdrop of a changing world of work we have a vision to be the world's most equitable and specialized talent company, underpinned by two clear principles.

need for specialization

Our specialization approach ensures that all talent and clients receive the focused expertise they are looking for. By understanding their industries, markets and skills needs, Randstad is uniquely positioned to transform their workforce to meet current and future business imperatives and ambitions.

importance of equity

We are committed to be an inclusive workplace where everyone can thrive while bringing their best selves to work, along with authentic perspectives and experiences. Equitable employee attraction and selection also enable us to build an agile, productive, and innovative workforce that reflects our talent and client base, as well as the markets in which we work.
